The Mayo Clinic
A Ken Burns Documentary
The Miniaturist
THREE-PART SERIES PREMIERES
SUN Sep 9 | 9p

This spine-tingling period thriller is set in 1686 Amsterdam, where 18-year-old Nella Oortman has come from the countryside to begin a new life as the wife of wealthy merchant Johannes Brandt. But instead of Johannes, she is met by his cold sister Marin, and Nella quickly realizes that nothing is as it seems in the Brandt household. When Johannes finally appears, he presents her with an extraordinary wedding gift: a cabinet that is a miniature replica of their home. It is to be furnished by an elusive miniaturist, whose tiny creations mirror what is happening within the house—and seem to be predicting the future with unsettling precision.

The Durrells in Corfu
SEASON 3 PREMIERES
SUN Sep 30 | 8p

This popular series returns for a third season of eccentric family adventures on a Greek isle in the 1930s. Based on the memoirs of Gerald Durrell, the animal-loving youngest member of the clan, the series stars Keeley Hawes as the plucky widowed mother, Louisa Durrell. This season, romance is in the air for both Leslie and Margo, and a trip back to England has some family members questioning whether the pains of living in Corfu are worth it.

Poldark
SEASON 4 PREMIERES
SUN Sep 30 | 9p

Aidan Turner is back as the dashing Captain Ross Poldark alongside Eleanor Tomlinson as the fiery Demelza. Drawing on Winston Graham’s books The Four Swans and The Angry Tide, Season 4 gets off to an epic start. A catastrophe in Episode 1 makes Ross realize that in order to have the power to effect real change, he needs to get out of his comfort zone—and that means a move to London to become a Member of Parliament.

The Mayo Clinic: Faith-Hope-Science
A NEW DOCUMENTARY FROM KEN BURNS
TUE Sep 25 | 9p

Featuring interviews with patients including Senator John McCain and the Dalai Lama, this film tells the story of William Worrall Mayo, an English immigrant who began practicing medicine with his sons in Rochester, Minnesota, in the 1880s. When a deadly tornado tore through their small community, the Mayos enlisted the help of the nearby Sisters of Saint Francis to care for patients—and the Mayo Clinic was born. Blending historical narrative with contemporary patient stories, this film is a timely look at how one institution has met the changing demands of health care for 150 years.
